GET MORE DONE AND INCREASE OFFICER SAFETY WITH

TOUGHBOOK® and Dragon® Law Enforcement

Panasonic and Dragon Nuance have partnered to provide law enforcement professionals with a faster, safer and more efficient way to complete incident reports and perform other essential tasks — all by voice. The Nuance Dragon Law Enforcement speech recognition solution, now available on Panasonic TOUGHBOOK mobile laptops and tablets, enable officers to dictate incident reports and capture data in real time, simply by speaking, thereby streamlining workflows and increasing officer safety.

Spend less time on paperwork, more time on protecting and serving.

TOUGHBOOK and Dragon Law Enforcement Benefits

INCREASE OFFICER SAFETY AND SITUATIONAL AWARENESS IN THE PATROL VEHICLE

Voice-driven interaction with TOUGHBOOK devices help officers avoid distracted driving, keeping their heads up in the vehicle and situationally aware.

RETURN TIME TO OFFICERS FOR COMMUTING POLICING INITIATIVES

Law enforcement professionals can dictate reports on TOUGHBOOK mobile computers in a fraction of the time it would take typing by hand, enabling them to spend more time visible within the community and on patrol.

SPEED DATA ENTRY WITHIN RECORDS MANAGEMENT SYSTEMS

Use fast and accurate dictation to enter data into RMS and CAD systems or other applications. Officers or support staff simply dictate anywhere they would normally type, fill and navigate within form fields by voice.

IMPROVE REPORT MANAGEMENT AND STREAMLINE WORKFLOW

Nuance's fast, precise dictation with robust voice command capabilities improves in-car documentation productivity, increases report accuracy, and expedites completion of reports to meet mandated deadlines.

DICTATE REPORTS WITH EASE USING LAW ENFORCEMENT SPECIFIC TERMS AND PHRASES

Create incident reports 3X faster than typing, with up to 99% accuracy using conventions like the NATO phonetic alphabet and a customized vocabulary including vehicle makes and models.
